Flowers for Felicity Little Girl Garden Statue

Thank you for your recent purchase of this Design Toscano Statue for indoor or outdoor use.

We bet you love flowers as much as Felicity does! Balancing two faux woven baskets hanging from metal chains and ready for your favorite posies, this lovingly crafted sculpture boasts rich details, from the buttons proudly popping off her overalls to her bouncy, beribboned pigtails. Handcast in designer resin as a Toscano-exclusive garden heirloom. We have taken great care to create this piece especially for you. Please review these instructions and assemble this piece with care.

Step 1

Gently insert the hooks into the casted holes in the branch.

Step 2

When deciding on a spot for Felicity, we strongly suggest that this sculpture be positioned out of direct wind. A sudden gust of wind may cause the baskets to swing radically, causing the statue to fall.
